Planned Update Schedule

The updates will be rolled out according to the following schedule. If you have configured your staging ring with eligible devices for this update, please validate the update and report an incident if you are noticing any issue.

Staging Start	General & Other Rings	Executive
Mar 22, 2021	Mar 29, 2021 (default 7 days in staging, will vary based on your specific configuration)	Apr 05, 2021 (depends on time allocated for previous rings)

Note: The timeline might vary slightly from the plan depending on our monitoring. If there are substantial changes, there will be a follow-up announcement.

What actions do I need to take?

- No action is required.
